

Fresh Fabrics

Febreze fabric refreshers are specially designed for fabrics that won't go in the washing machine, like sofa coverings, curtains and carpets. With its patented odour technology, Febreze tackles the source of smells to leave all your fabrics smelling fresh and clean.

Together with our Air Care range, you can transform your entire home.

- Febreze Classic eliminates odours and freshens with a classic scent
- Febreze Summer Splash eliminates odours and freshens with a fruity summer scent
- Febreze Antibac eliminates odours and the bacteria which causes them
- Febreze Lavender and Camomile eliminates odours and freshens with a relaxing and soothing scent
